## Farewell

I've decided to delete everything on here and what I was planning to do after coming to a realization on here. During my time on here, I worked hard on what I wanted to show everyone on here and tried to be original and helpful wen people had their own thoughts on it but no one cared about it in the first place. But when I grew completely frustrated and angry at how pointless everything was, people rushed forward to appease me because I was being a dick.

When it comes down to it, I can't be senselessly cruel to everyone on here just for the attention so I've decided to give up on creative writing entirely. I will be finishing deleting everything I made on here after a psychiatric appointment since it never would have recieved much praise anyway because no one would have cared or noticed until I reached a crisis moment like yesterday and this morning. If anyone, wants to contact me, they can do it through my skype account. jamie.collins@gmail.com

Good bye everyone. I wish I could have held out longer and not give up on my hopes of interesting you all but I guess that was a hopeless dream right from the start.

I have entrusted my monster creations to Dreamerdon with my digimon, pokemon and super hero ideas to Kit-the wolfy and wolf prince leon if they managed to save any of these stupid idea.

Best wishes. I won't try to stop you from going, if this is what you think is the right thing to do. Farewell, and may your footsteps take you to a brighter place.

So this is it? Your leaving this place?

Reply

**gottemsquickfoot** Mar 16, 2016 | Student Writer

yes. I'm fucking sick of all the apathy and contempt I got for being nice and creative.

If you choose to leave to find better people then it's ok, but just remember that I will miss your company, and your writing is amazing

The only reason I kept silent is because I don't wanna hurt your feelings by saying something that might offend, but I guess that was too much to ask

But you could have said something. Yet you chose not to. Thanks for showing how much support you're willing to offer to a "friend."
